On motion, it was voted that the delegation oppose the passage of said bill.

On motion, it was voted that the special committee be given more time to make their report.

Adjourned, subject to call of the chair.

On motion of Mr. Jewell it was voted to accept the report of the Special Committee.

On motion of Mr. Wiggin, and seconded by Mr. Roberts, it was voted to appropriate the sum of \$65,000.00 per year for the years 1906 and 1907, and \$5,450 for the fol-

On motion, it was voted that \$20,000 of the license money for the year 1905 be left in the County Treasury for the use of the County Commissioners to meet necessary expenses with until such a time as the towns paid their County taxes to the County Treasurer; and at that time the County Commissioners are authorized and directed to set aside the sum of \$20,000 for the purpose of creating a sinking fund for the purpose of meeting the County debt due in 1911. The balance of the license money, or such part thereof as may be necessary, to be used in re-furnishing the interior of the County Court House.

The following resolution was offered by Mr. Philbrick and unanimously adopted:

Resolved, That the Strafford County delegation tender a vote of thanks to the County Commissioners, and also the Superintendent and Matron of the County Almshouse, for the courteous and royal entertainment and bountiful dinner given the delegation on Feb. 17, 1905.

On motion, it was voted to adjourn.

COMMISSIONERS' REPORT.

TO THE CITIZENS OF STRAFFORD COUNTY:—

In accordance with the requirements of the public statutes of New Hampshire, the Commissioners of Strafford County herewith submit the combined reports of the Strafford County Delegation, County Commissioners, County Treasurer, Superintendent of County Farm and House of Correction, Clerk of Court, Sheriff, Jailer, Solicitor, Farm and Jail Physicians, Chaplain and Auditors.

APPOINTMENTS.

One of the first duties devolving upon a newly elected board of commissioners is the appointments of Superintendent and Matron of the County Farm and House of Correction, County Agents and Physicians for the several towns and cities in the County, and Janitor for the Court House.

It was early apparent to the present Board of Commissioners, that in the choice of Mr. and Mrs. Handy as Superintendent and Matron of the Farm, the previous Board of Commissioners had made a very wise choice, and for us to entertain any thought of their removal to make room for other appointments would be unbusiness-like and unjust.

The developments of the nine months last past have borne out the wisdom of this policy. We believe that the tax payers of Strafford County have every reason to be proud of the conditions that exist at this institution and to those disposed to criticise in ignorance, we extend an invitation to visit this institution.

We have reason to be pleased with the manner in which the County's interests have been looked after by our several agents and physicians throughout the County. They have co-operated with the Commissioners in rendering necessary aid to the unfortunate and at the same time kept

the expense at a satisfactory mark as compared with recent years. The death of our Farmington physician, Dr. F. W. Blair was a loss to the community and was keenly felt by the Board of Commissioners.

At this time, not to mention our genial veteran janitor, Mr. Thomas Tolmay, would be an injustice, which all who have business at the Court House would have reason to resent. Mr. Tolmay is conscientious in the discharge of his duties and untiring in his efforts to be of service to all who have occasion to visit the Court House. We hope he will be on the pay-roll for many years to come.

THE FARM AND HOUSE OF CORRECTION.

Many improvements have been made during the past season. The farm buildings have received two coats of paint on the exterior. Two steel ceilings and one hardwood floor have been laid in the Superintendent's part. All ceilings in inmate's department have been painted and all rooms equipped with new iron bedsteads, national springs and soft mattresses, newly renovated feather pillows and white bed spreads, displacing the broken down beds and straw-filled ticks in use, and making a sanitary and uniform equipment which is appreciated by our inmates. Those of the old beds that were of further use, were placed in the House of Correction, to meet the needs of the constantly increasing number of prisoners. Four Bessemer saw and drill proof steel cells, accommodating eight prisoners, have been placed in the House of Correction at a cost of eleven hundred forty dollars, as provided by the County Delegation.

Kiolithic walks have been laid in the corridors, displacing the brick and sand walks, making it more sanitary and secure against escapes.

A new laundry building, 30x40 feet of brick, with slate roof has been erected and equipped with modern machinery, which will greatly reduce the labors attendant upon wash day.

A new electrical recording watchman's clock, connecting with the seventeen stations, has been placed in the Superintendent's office, insuring the faithful discharge of the night watchman's duties.

A new 28 h. p. engine has been installed to meet the extra load imposed, consequent to increased lighting, laundry work and ensilage cutting.

The voters of Strafford County are already conversant with the quality of stock kept at the farm and the results of the exhibits at the fall fairs, netting as they did a good tidy sum and giving the stock an amount of advertising which makes a ready sale for the young stock at good prices.

While the above items are of no mean consideration, the main object for which the stock is kept at the farm has not been lost sight of, and the matter of disposing of the milk product, not required at the farm at better prices than those at present obtained, is under consideration.

For a detailed account of the crops and improvements on the farm during the past season, we refer you to our Superintendent's report. This work has been accomplished for the most part by prison labor, under a valuable corps of assistants, and in this connection we wish to say that we believe this is as it should be, as long as the County is obliged, by an act passed March 10, 1905, to board nearly all police court prisoners at no cost to the towns or cities sending same. In consequence of this law, the receipts of the farm for board of prisoners for this period is five thousand, four hundred, thirty-nine and sixty-eight one hundredth dollars (\$5,439.68) less than it would otherwise have been.

THE JAIL.

At the Jail no great outlay has been necessary. New floor coverings have been laid in some of the rooms of the Jailer's house. Owing to the small cells provided for the confinement of female prisoners, we were obliged, by order of the Court to remove Mrs. Darisse to the Rockingham

County Jail at Portsmouth, during her confinement, at some extra expense. We have since converted two cells into one by removing a partition, making a roomy hospital cell and obviating any future trouble in this respect.

We have arranged for the placing of soapstone tubs in the basement for the laundry work of the Jail.

COURT HOUSE.

New steel filing cases have been placed in the vault of the Clerk of Court's office, making a more fire proof and convenient receptacle for the preservation of valuable records. Some exterior and interior repairs are needed on the Court House and will be made during the coming spring.

Respectfully submitted,

STRAFFORD COUNTY FARM BUILDINGS.

REPORT OF SUPERINTENDENT.

TO THE BOARD OF COMMISSIONERS FOR THE COUNTY OF STRAFFORD :—

GENTLEMEN—I herewith submit my annual report of the Strafford County Farm and House of Correction for the year ending Dec. 31, 1905.

Improvement still continues at the farm in all departments. The special appropriation given by the Strafford County representatives last session of the legislature, for the new beds, cells and laundry has been used. New iron bedsteads, with national springs, soft top mattresses and white spreads have been placed in each room. A full set of new pillows has been made during the year, so each room presents quite a cheerful appearance, and is decidedly more sanitary. We have four steel cages erected in the House of Correction. These are of the Van Dorn white metal pattern, guaranteed burglar and tool proof, and a secure place in which to keep hardened criminals.

A new brick building 30x40 feet has been erected for a laundry. A section of the lower story is partitioned off for an oil room. In the upper story is a complete set of modern laundry machinery, which gives perfect satisfaction. All wooden buildings have been painted during the year.

The farm land has been improved. Over 100 rods of ditch were dug, and rocks from pasture land which is being improved, were placed in this ditch which makes a fine underground drain and valuable tract of hay land. Another ditch 125 rods long is in process of construction. The rocks from the unsightly wall along the highway are being used to make an underground drain. Five acres of pasture land have been cleared of rocks, ploughed and seeded. The crops have been very successful and gratifying.

The stock continues to be improved,—a step in the right direction. The exhibiting of representatives of our three

breeds—Ayrshires, Guernseys and Holsteins—at the various fairs last fall was a financial success, and brought about the sale of many animals at good prices. It also demonstrated to the citizens of Strafford County that we have some animals whose equal cannot be found in New England. Three other counties in the State have followed our example and are putting in thoroughbred stock. The day is not far distant when every county will have registered stock at its farm. The demand for such stock is rapidly increasing.

An electric watchman's clock of 17 stations was put in in December. The night watchman makes a tour of all the buildings every hour, and every station registers its number in the office.

A section of the women's wing has been provided with grated windows and modern sanitary conveniences. The women prisoners are confined here, being thus separated from the inmates of the almshouse.

The painting, excavating and clearing, and a large proportion of the general improvements have been done by the labor of prisoners. As my report shows, the number of prisoners sent here is increasing. During the year we had over three hundred commitments, of which only nine were those of prisoners committed for a second term. The greatest number of prisoners here at one time was seventy-three. Our accommodations are not what could be desired in this particular, and a building for the confinement of prisoners is greatly needed.

The receipts for the year would have equalled those of last year if the outstanding accounts had been paid in. The fact that no money is received from towns and cities for the board of prisoners, in accordance with the act passed at the last session of the legislature, has increased the net cost. Reckoning board for the prisoners in the same manner as last year the net cost would be approximately the same.

In closing, my hearty thanks are due to the Board of Commissioners for their cooperation and advice. Dr. F. L. Keay, the attending physician, has cheerfully answered all

calls, and has our thanks for his efficient services. Our chaplain, Rev. H. E. Shattuck, has conducted the usual Sunday services, and made many calls upon the sick. I thank him for his words of cheer and hope to the old and infirm. Much of the year's successful record is due to the cooperation of all my employees, whom I assure of my sincere appreciation.

Respectfully submitted,

RODOLPHO M. HANDY.

REPORTS OF COUNTY PHYSICIANS.

TO THE COMMISSIONERS OF STRAFFORD COUNTY :—

GENTLEMEN—My report as County Physician for the year ending Dec. 31, 1905, follows :

There has been less sickness than usual at the farm during the year, although the Snell house hospital for contagious and infectious diseases has been constantly occupied throughout the year.

Hygienic conditions at the farm are constantly improving and in that respect I do not think any County institution in the State surpasses ours.

I have found the Commissioners and Supt. Handy ever ready to assist me in every way, and I am very grateful for their co-operation.

I wish particularly to thank Superintendent Handy's wife and mother for their good work in my department, for they have given me most valuable aid.

TO THE COMMISSIONERS OF STRAFFORD COUNTY :—

GENTLEMEN :—I submit the following report as Physician to the county jail for the year 1905. No deaths or epidemics. In the majority of cases the disease or injury has been contracted before the person was admitted, and a large proportion of remaining cases the cause has been due to confinement and want of proper exercise.

The jail is now equipped with a suitable isolating room.

H. O. CHESLEY, M. D.,
Physician to County Jail.

REPORT OF CHAPLAIN.

TO THE COMMISSIONERS OF STRAFFORD COUNTY:—

GENTLEMEN:—The usual services have been held at the county farm. The interest shown by the inmates has been gratifying indeed. I desire to express to the citizens of Dover and vicinity my sincere appreciation and hearty thanks for their ready and generous response to my solicitations for money and literature necessary for the proper observance of Christmas at the farm. It is also due our efficient matron, Mrs. R. M. Handy, to note her valued service in making this Christmas one of the most enjoyable in the history of the institution. Mr. Handy is an ideal up-to-date Superintendent, as the many improvements about the place, coupled with improved sanitary conditions and his efficient discipline will testify.

I am under obligations, and feel indebted to both the old and new boards of County Commissioners for their hearty co-operation, and to many others who have helped to make my work a real pleasure.

Respectfully submitted,

HARRY E. SHATTUCK, Chaplain.
